SCOPESMITH

STILL WAITING FOR YOUR SCOPE?

When trying to buy a high-end scope, your local store shows you a catalog and orders it for you “for delivery in 4 -16 weeks”.

Other web stores tell you they have it in stock, take your card information and at the end tell you “for delivery in 4 -16 weeks”.

In **The Scopesmith** if we say that a scope is **IN STOCK** it means we have it in our store ready to ship to you that same day! We carry **Schmidt & Bender**, **Swarovski** and other top brands plus **Badger Ordnance**, **Talley** rings and bases, **Redding Reloading Equipment** and other high quality accessories!
